

George O. Smith	<p><b>Haedaecker's Theory claims that real-time communications across space is impossible. Paul Grayson believes that Z-wave technology will make real time communication possible. Paul sets out to prove his theory but there are those who don't want him to succeed. Follow Paul's adventures while he tries to prove his theory correct in the face of stiff opposition from those who do not want him to succeed. (Summary by Richard Kilmer)</b></p>	Operation Interstellar
